## Statement of Recommendation On Your Mark Transportation Mark Szyperski, President/CEO

Dear Mark:

It is our privilege to provide the following Statement of Recommendation:

*“As a regional leader in multi-modal transportation solutions, partnering with On Your Mark Transportation is a proven success story for us. Their extensive knowledge of our industry has allowed them to come into our operation and enrich our programs of work. We are then able to add to our business development staff when we are short-handed for tradeshows, presentations, or direct call situations. Whether promoting our regional commuter vanpool program – VanStar; or our local urban public transit system, Franklin Transit, On Your Mark Transportation provides us professional and reliable short-term additional staff without the expense of long-term wages or benefits.”*

Kindest regards,

**Debbie Henry**

Debbie Henry  
Executive Director
